Overview

SJourney features 13 carriages, including 10 sleeper carriages and 2 bistro carriages, with a maximum capacity of 60 passengers per journey. Its design is heavily influenced by the Indochine style, reminiscent of the golden age of travel in the 1930s, when luxury trains like the Trans-Indochina connected different regions of Southeast Asia. This timeless aesthetic blends nostalgia with modern elegance, recreating the romance of classic train journeys while offering contemporary comforts.

Each sleeper carriage includes one double cabin, two twin cabins, and a dedicated service room. The bistro carriage features a restaurant, a bar, and a lounge area.
